

B&M Electric Truck

Maximise time.

Minimise emissions.

Improve health and safety.

The B&M Electric Truck can be provided in a road legal version, offering zero emissions with a towing capacity of 2 tonne. With a maximum speed of 25 mph and a range of up to 45 miles on a single charge. It provides a versatile platform for waste movements on larger sites.

Suitable for: Large shopping/leisure outlets, distribution facilities, universities, hospitals

Key Benefits:

- Zero emissions
- Quiet
- Compact size makes it easy to access waste in small areas
- Increased efficiency as operators are not required to walk around large sites
- Improved health and safety as manual waste movement is minimised
- Road-legal options available
- Can tow bins directly or on a trailer

Key Components:

- Load capacity of 635 KG
- Road legal to tow up to 2000kg
- 8 KW AC motors with regenerative braking for energy recovery
- Body options include:
 - box with roller shutter door
 - cage with side doors
 - tipper with bin lift
 - flat back
- Further options include:
 - gritter body
 - snow plough
 - pressure wash
 - 4x4 option
