

# B&M Food Waste Station Compact

Reduce your waste costs.  
Boost your carbon footprint.  
Improve your environmental impact.

With the state-of-the-art B&M Food Waste Station Compact, food waste is macerated into a liquid form and pumped directly into a built-in de-watering system, forcing out excess liquid. This liquid is fed directly into the drain resulting in a greatly reduced volume of food waste, which is then collected in small, easily managed, lidded bins, ready for onward processing.

**Suitable for:** Smaller kitchens in offices, pubs, restaurants and fast food outlets.

## Key Benefits:

- Reduce food waste volume by 80%
- Reduce food waste mass by 60%
- Reduce food waste collections and, consequently, reduce costs
- Improve your carbon footprint and lower your environmental impact
- Increase efficiency by processing up to 100kg of food waste per hour
- No loading schedule, process waste as and when you need to

## Key Components:

- Easy to use
- Compact design with short processing times
- Visual PLC control panel
- Bin location within the footprint
- Self-cleaning programme
- Robust construction, fully enclosed system
- Intelligent bin-full sensor

# B&M Food Waste Station Compact

## Summary

Model Code	F79/240
Power Type	Electric
Unit Type	Free Standing
Available in UK Only	No
UK Warranty	2 Years Parts and Labour Warranty
Export Warranty	Contact your local dealer

## Power and Performance

Total Power kW	2.4
IP Rating	IP24
Noise Level Decibel	During operation with food = 83db

## Key Specifications

WRAS Approved	WRAS Compliant
---------------	----------------

## Capacity

Type of Waste	For soft waste (plate waste, vegetables and peelings, meat and fish scraps)
Covers Per Sitting	400
Capacity Kg per Hour	100

## Weight and Dimensions

Unit Height (External) mm	895 to worktop
Unit Width (External) mm	600
Unit Depth (External) mm	700
Net Weight Kg	156

## Supply Connections

Requires Installation	Yes - Hard wired to isolator switch and 30mA RCD
Requires Electrical Supply	Yes
Requires Hardwiring	Yes
Electrical Supply Rating	2400w
Single Phase Amps	10
Single Phase Voltage	240
Drain Connection	2" waste drain
Water Connection (Hot and Cold Supply Required)	3/4" BSP

## Included with this unit:

- Waste Bin x 3
- Scraper
- Cutlery Saver
- Inlet Hose x 2
- Release Key
- Control Box
- Control Box Mounting Bracket
