## Permit number EPR/QP3398CX

### Introductory note

**This introductory note does not form a part of the notice**

The following notice gives notice of the variation of an environmental permit.

The variation is to vary the current permit EAWML 50159 to a Standard Rules permit SR2008No. 3 (<75,000 tonnes per year).

Site operations and technical competent management for the site will remain unchanged.

The permit boundary will not change and will be as shown on Drawing No. L1194/002/A.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Permit determined EAWML 50159	30/05/03	Original permit issued to Bagnall & Morris (Waste Services) Limited
Application EPR/QP3398CX/V002	Duly made 23/11/12	Application to vary the current permit to standard conditions SR2008No.3.
Variation determined EPR/QP3398CX	19/12/12	Varied permit issued.

End of introductory note

24/03/2010

## **Environment Agency Permitting decisions**

We have decided to grant the standard rules permit for Bagnall & Morris Limited household, commercial and industrial waste transfer station at the address detailed below.

The permit number is EPR/FP3790VX

The operator is Bagnall & Morris Limited

The facility is located at  
Europa Gate  
Trafford Park  
Manchester  
M17 1DU

The decision was effective from 22/03/2010

### **Summary of the decision**

We have decided to grant the permit for the operator, subject to the conditions in the permit.

We consider in reaching that decision we have taken into account all relevant considerations and legal requirements and that the permit will ensure that the appropriate level of environment protection is provided.

When referred to in an environmental permit, these rules will allow the operator to operate a Household, Commercial and Industrial Waste Transfer Station with waste treatment at a specified location, provided that the permitted activities are not carried out within 500 metres of a European Site<sup>1</sup>, Ramsar site or a Site of Special Scientific Interest (SSSI). Furthermore, specified waste cannot be treated outside a building within a specified Air Quality Management Area (AQMA)<sup>2</sup>. Permitted wastes are limited to non-hazardous wastes and do not include hazardous wastes such as asbestos. The total quantity of waste that can be accepted at a site under these rules must be less than 75,000 tonnes a year. With the exception of specified waste, all bulking, transfer or treatment of nonhazardous waste must be carried out inside a building. Wastes can be bulked up for disposal or recovery elsewhere and can also be treated by sorting, separation, screening, baling, shredding, crushing and compaction. These rules will not permit the burning of any wastes, either in the open, inside buildings or in any form of incinerator.

These rules do not allow any point source emission into surface waters or groundwater.

## **Purpose of this document**

This decision document:

- explains how the applicant's application has been determined;
- provides a record of the decision-making process;
- shows how all relevant factors have been taken into account;

Unless the decision document specifies otherwise we have accepted the applicant's proposals.

## **Structure of this document**

- Key Issues of the decision;
- Annex 1 the decision check list;

## **Key Issues of the decision**

### **Environmental risk**

The environmental risk will be minimal subject to the activities being carried out in accordance with the standard rules requirements. The treatment and storage of waste will be undertaken within the confines of the building where the base is made up of re-inforced impermeable concrete. No drainage is linked to the inside of the building.

Outside the buildings, the waste reception area is covered with impermeable hardstanding.

The area environmental officer is aware of the application and the operator and does not have any objection to the granting of the permit.

### **Conservation**

There are no areas of conservation within 500m of the site.

### **Groundwater**

The site is underlain by a major aquifer. However, the impermeable hard standing will provide protection if they are adequately maintained.

### **Air quality**

The facility does not lie within an air quality management zone. There are no air quality issues.

### **Operational techniques**

The operator has confirmed that a management system is in place and the site will be operated to meet the requirements of the conditions within the standard rules permit.

### **Monitoring and compliance**

There are no monitoring requirements

### **Operator**

The site will be managed by Paul Curtis and Alex O'Gorman who are appropriately qualified to operate this facility. They hold WAMITAB CoTC Level 4.

### **The facility**

The facility is located within the Trafford Park Industrial area adjacent to the Bridgewater Canal. The waste processing operation will take place within existing building which will be reclassified.

Planning permission for the facility was granted on the 28<sup>th</sup> August 2009.

**Commercial and industrial confidentiality**

There are no commercial or confidentiality issues.

## Annex 1: decision checklist

### Standard permits checklist

Activity	Justification / Detail	Determination criteria met	
		No	Yes
<b>Receipt of submission</b>			
Standard rules criteria met	The application meets the conservation and AQMA criteria for the standard rules identified in Part B of the application form.		✓
Application fee	The application fee is correct Charge table reference S080A		✓
<b>Operator</b>			
Control of the facility	We are satisfied that the applicant (now the operator) is the person who will have control over the operation of the facility after the grant of the permit. The decision was taken in accordance with EPR RGN 1 Understanding the meaning of operator.		✓
<b>The site</b>			
Extent of the site of the facility	The operator has provided a plan which we consider is satisfactory, showing the extent of the site of the facility. A plan is included in the permit at Schedule 2, and the operator is required to carry on the permitted activities within the site boundary.		✓
Planning permission	We are satisfied that planning permission is in place and it is appropriate for the relevant waste operation(s) applied for.		✓
Site condition report	The operator has provided a description of the condition of the site which we consider is satisfactory. The decision was taken in accordance with our guidance on site condition reports – guidance and templates TGN5.		✓
<b>Operator Competence</b>			
Technical competence	There is no known reason to consider that the operator will not have the management systems to enable it to comply with the standard rules  The decision was taken in accordance with RGN 5 on Operator Competence		✓
Relevant Convictions	The National Enforcement Database has been checked to ensure that all relevant convictions have been declared. The operator satisfies the criteria in RGN 5 on Operator Competence		✓
Financial T provision	There is no known reason to consider that the operator will not be financially able to comply with the standard rules. The decision was taken in accordance with RGN 5 on Operator Competence		✓

**If...**

**then..**

the variation means you now need to submit quarterly or annual waste returns on waste movements. Please refer to your permit conditions.

you can get the forms you need from our website <http://www.environment-agency.gov.uk/business/topics/waste/121942.asp>  
x

If you do not have web access phone our Customer Contact Centre

**When submitting your waste returns please quote the above EAWML reference number**

you need to submit other returns

send these to your area office. Speak to your area officer to check local arrangements.

your variation has added an installation to your permit for the first time

we've enclosed the pollution inventory letter, notice and fact sheet

If you have any questions about this permit please phone our Customer Contact Centre on 03708 506 506. They will put you in touch with a local area officer.

Yours faithfully

Ani Kasinadhuni

This document is for information purposes only and you will need to consult your full policy documentation for further details on Insurer's policy terms, conditions, extensions, limitations and exclusions. You will note that cover may also be subject to cancellation provisions and warranties.

In issuing this document we are not confirming that the recipient has any additional rights or is include as an additional insured, unless stated above. Again, it is issued as a summary of cover in place & does not confirm any alterations or additions to the original policy.

Without prejudice to the foregoing no assurance is given by us to the adequacy or otherwise of the sums insured /limit of liability/indemnity (as the case may be) under the insurance policies. Nor do we express any view or assume any liability as to the solvency or future

9 Caroline Point / 62 Caroline Street / Birmingham, B3 1UF / +44 (0) 121 234 7890 / NFP.com/uk

ability to pay of any of the insurance companies with whom the insurance policies have been placed. In each case you must rely upon your own assessment of such matters.

We cannot comment as to whether the client has done or omitted to do anything which has rendered or may render any policy of insurance (including the insurance policies noted in this document) taken out by it or by any other person in relation to any of the client's assets void or voidable and you must similarly rely upon your own enquires in this respect.

NFP Commercial Solutions Limited does not accept any liability or responsibility to any Third Party (including, but not limited to, any person to who this document is addressed to) in respect of the information provided nor do NFPCS have any obligation to advise any changes to or cancellation of the insurances described.

Should you require any further information to the above we can provide this once we have the insured's consent to do so.

Yours Sincerely,

For NFP Commercial Solutions Ltd
